## SKILLS

C

c++

Python

Problem solving

Data structure &  
Algorithms

MongoDB

Mysql

Git

## LANGUAGES

Gujarati

Native or Bilingual Proficiency

English

Professional Working Proficiency

Hindi

Full Professional Proficiency

## INTERESTS

Research

Chess

Mathamatics

Competitive Programing

Cricket

## EDUCATION

### Bachelor Of Engineering(B.E.)

A.D. Patel Institute of technology

07/2018 – 07/2022

Anand

Courses

Information technology

## RATING

HackerRank c++ (4 star)

HackerRank python (5 star)

Codechef 3 star (1724)

## CERTIFICATES

Data Structures and Algorithms Specialization (05/2020 – 05/2020)

from coursera

Crash Course on Python by Google (06/2020 – 07/2020)

Python for Everybody Specialization (04/2020 – 05/2020)

## PERSONAL PROJECTS

Origin Time Feature (02/2020 – 03/2020)

In client server chat room ,I store unique messages with their time of origins. It is useful to check old messages is used for fake messages.

Pymogo tweeter (03/2020 – 03/2020)

manipulated data of tweeter using pymong.

## ACHIEVEMENTS

Participated in SSIP hackathon(qualified for finals) (02/2020 – 02/2020)

Codejam B 2020 (ranked 3612) (04/2020 – 04/2020)

Participated in Smart India Hackathon
